Re: All Candidates Survey on Reproductive Health

Dear Ms. Glynn:

Thank you for writing and allowing us to share our position on reproductive health.

Under the Alward Conservatives, our province is not respecting a woman's right to choose. This is unacceptable. Governments cannot cherry pick which rights they want to respect and protect.

Despite anyone's personal views, the Province of New Brunswick needs to ensure it respects the *Canadian Charter of Rights and Freedoms*, the decisions of the Supreme Court of Canada, the *Canada Health Act*, and the rule of law.

A Liberal government will respect the Charter, the Supreme Court decisions, the *Canada Health Act*, and the rule of law. A Liberal government will identify all barriers to a woman's right to choose and eliminate them.

We asked the Alward Conservatives, before the election, to work with us to ensure this happens, but it is clear now that they are not interested in ensuring women's rights are respected.

You can be certain that a Liberal government will act swiftly to identify all barriers, with the help of constitutional experts and healthcare professionals, to ensure that a woman's right to choose is respected.

Sincerely,
